SZ Education Directory for Master of Laws

The Education Directory for Master of Laws

Best-matching candidates for your LL.M. programme

Süddeutsche Zeitung has launched a new education directory for offers in the field of law: www.llm.sz.de

Focus is on postgraduate or further education courses leading to a Master of Laws (LL.M.) as well as on Bachelor of Laws (LL.B.) courses. The premium education directory for specialised course offers takes into account both, rational criteria and emotional aspects. Future applicants can find a suitable LL.M. or LL.B. programme, without having to deal with inflexible databases and tedious searches, and you can reach more suitable candidates for your programme.

An attractive high-visibility environment

The SZ education directory allows effective communication of extensive information about your higher education institution or about individual course offers. As part of the far-reaching career section of [Süddeutsche.de](http://Sueddeutsche.de), the LL.M. website also profits from excellent search engine visibility.
